

Essentials Series Colour Document Systems

Simply Smarter Business

The New Colour Essentials Series from Sharp.

Taking organizations to the future of business communication by helping them work simply smarter.

Designed to fit today's diverse workstyles, the new Essentials Series colour document systems enable workers to collaborate and share information seamlessly and securely throughout their office environment. Available enhanced cloud services such as Microsoft Teams makes it easy to streamline communication and boost productivity with hybrid workers.

Easy-to-use Touchscreen

The easy-to-use Sharp touchscreen display is built on an award-winning design and delivers an accurate, responsive user experience, imperative for today's sophisticated workflows.

Technology Focused on Efficiency

The Essentials Series leverages the latest technology to help users get their work done with ease and efficiency. Innovative features like multi-feed scan detection and enhanced auto skew correction ensure jobs come out right the first time, every time.

Versatile Application Integration

Maximize productivity and collaboration with easy access to expanded cloud services, quickly connect with mobile devices to print and scan files.

Leading Security

In today's hybrid working environments its vital to protect endpoint devices from security threats, that is why the Essentials Series uses the latest security technology to help ensure your data remains safe.

Flexible Sleek Design

Elegant cabinet design with easy-roll casters, soft-close paper drawers and contemporary colour scheme make the Essentials Series a perfect fit for any office environment.

Smart features that enhance productivity and efficiency. Streamlined workflows that are safe, secure and fit today's diverse work styles.

- ✓ Work more efficiently
- Collaborate better with colleagues
- Secure your document workflows

10.1" (diagonally measured) customizable touchscreen display.

BP50C26 shown with Inner Folding Unit, Right Side Exit Tray, and 2-drawer Paper Deck.

- 100-sheet reversing single-pass feeder scans originals at speeds of up-to 80 images per minute.
- Flexible paper handling supports media up-to 300 gsm, allowing users to print on a wide variety of paper stock or media.
- New Inner Folding Unit option offers a variety of fold patterns, including tri-fold, z-fold and others.
- Smart controller design ensures MFP firmware is up-to date by periodically checking for updates.
- Energy Star 3.0 certified and offers among the lowest standby power consumption in the category.
- Enhanced touchscreen delivers an accurate, responsive user experience and provides easy access to features.

- Easily collaborate with hybrid workers with optional cloud services, such as Microsoft Teams, Google DriveTM, Dropbox and others.
- Strong, multi-layered security such as system integrity check at startup, firmware attack prevention and optional Bitdefender® antivirus to help protect your data.*
- Supports native Universal Print from Microsoft with optional PostScript Kit enabling businesses to easily adapt to this popular cloud service.
- Optional wireless LAN supports
 5 GHz Wi-Fi for stable, high-speed network communication.
- Sharp OSA® Technology provides a secure and intuitive user experience for integrated workflows (optional).

Designed for today's individual workstyles.

From media handling to workflow and collaboration, the new Essentials Series delivers the features businesses need to get the job done.

Sharp makes it easy for businesses to execute jobs quickly, leaving more time for the actual business at hand. Easily scan documents at speeds up-to 80 ipm using the 100-sheet reversing single-pass document feeder. Image processing technology and Artificial Intelligence (AI) can automatically adjust resolution, compression as well as detect original size and adjust for skewed documents when scanning. The award-winning, tablet style touchscreen delivers an accurate, responsive experience, while menu-driven Easy Modes offer fast, simple operation enabling users to get their copying and scanning tasks done in less time.

Print and Share Documents Easily¹

Seamlessly collaborate with colleagues even when they are working remotely.
With Cloud Connect, businesses gain access to popular cloud services including Microsoft Teams, Google Drive, and others. The Sharp Application Portal, makes it easy for administrators to add new apps and update existing apps right from the MFP touchscreen.

Integrate with Email Applications In addition to native capability, the available Email Connect feature enables seamless scan-to-email integration with Microsoft Exchange/365 and GmailTM user accounts, making it easy to identify the sender of scanned files.

Intelligent Image Processing Options Scan documents to popular file formats including Microsoft Word, PowerPoint and Excel, as well as Searchable PDF, Encrypted PDF and others. Direct Print the same file types from thumb drives, cloud applications and mobile devices.² Adobe Embedded Print Engine direct prints PDF files with greater speed and rendering accuracy.

Flexible Printing Solutions

PCL 6 and available Adobe PostScript3 printing helps users speed through their work. The 128 GB solid state drive processes jobs quickly. Serverless Print Release enables users to print a job and release it from up-to eight supported models. Native Universal Print from Microsoft with optional PostScript kit eliminates the need for on-premises infrastructure, and enables IT to manage printers directly through a centralized portal.

Smart-Connected-Secure

Integrating technology and functionality.

The New Colour Essentials Series document systems provide unsurpassed performance that simply adapts to your business needs.

Reversing Single-Pass Feeder (RSPF)

100-sheet document feeder scans originals at speeds of up-to 80 images per minute.

Smart Scan

Image processing technology and AI can automatically adjust resolution, compression, as well as detect original size and adjust for skew.

Smart Touchscreen

Enhanced touchscreen is easy to use and delivers the responsiveness and accuracy users expect.

Advanced Multi-layer Security

Leading security features plus optional Bitdefender antivirus provide enhanced protection against network intrusions.¹

Exceptional Image Quality

1,200 x 1,200 dpi resolution delivers razor-sharp text and graphics.

Microsoft Friendly

Simplify workflow and enhance collaboration with Universal Print native integration and the optional Microsoft Teams connector.

Advanced Finishing

Sharp gives you a variety of high-performance finishers to choose from to help complete the job on time. New inner folding unit option offers four popular folding patterns.

Sharp's Colour Consistency System

Advanced auto-calibration helps ensure colour output is always at peak performance.

Flexible Paper
Handling
Feed up-to 300 gsm
media through the
paper drawers and
supports up-to 12" x 18"
output size.

Access to Cloud Services

With the optional Cloud Connect feature, easily print and scan documents to popular cloud applications.

Optional Wireless Networking

5 GHz Wi-Fi technology and WPA3 encryption deliver fast, reliable data that helps provide strong protection from hackers.

Large Capacity Cassette

Available large capacity cassette offers an additional 3,000-sheet capacity for a maximum on-line paper capacity of 6,300 sheets.

Collaborate on-the-go with quick access to mobile devices.

The Essentials Series makes it easy to share data with tablets and smartphones even in busy office environments.

Print with Popular Mobile Technologies

With the optional PostScript kit, the Essentials Series supports printing using popular mobile technologies such as Apple AirPrint®, and Android printing with the Sharp Print Service plug-in.

Optional Wireless Networking

Print directly to the MFP from mobile devices without interfering with the corporate network! 5 GHz technology and WPA3 Encryption deliver fast, reliable data that is well protected from malicious intruders.

Scan and Print with Sharpdesk Mobile

With Sharpdesk Mobile, a free downloadable app for most mobile devices, users can quickly scan and print files from tablets and smartphones.¹

Centralized device management helps ensure optimal uptime. Seamlessly connect technology and drive collaboration with easy access solutions.

Seamless Device Management

On premises, Sharp Remote Device Manager (SRDM) simplifies device monitoring and management. Event-driven alerts help maximize uptime. SRDM also offers centrally managed security settings, pre-configured driver distribution, energy save settings and more. SRDM is available as a free download.¹

 $^{^{\}mbox{\scriptsize 1}}$ Go to www.sharp.ca for a list of supported equipment and operating systems.

Multi-layer security features to help businesses stay a step ahead of hackers.

The new Essentials Series utilizes leading security technology to help organizations protect their data and meet regulatory requirements.

- Active Directory (AD) Integration Enables the MFP to join the network domain as a computer, making it a trusted device.
- Supports AD Group Policy Allows administrators to centrally manage select security settings and enforce their own policy.
- 256-bit AES Encryption Ensures data that resides on the local drive is protected.
- Protects Access to the Device IP/MAC address filtering, 802.1x authentication and port control protect access to the device.
- Protects Data in Transit IPsec and SMB 3.1.1 protocols, as well as TLS 1.3 use data encryption to protect data.

- WPA3 Wi-Fi Encryption Supports the latest data encryption standard for wireless networking security.
- Authority Groups Enables administrators to define various groups for different users, which can limit or restrict access to specific features.
- Optional Data Security Kit Offers expanded security functions and restricted access features for highly sensitive environments.

Essentials Series BP50C26/BP50C31/BP50C36

Environmental Commitment

Sharp is committed to environmental sustainability and corporate responsibility.

A Responsible Approach to Design

Sharp MFPs adhere to the Sharp Corporation Green Products Guidelines, which requires designing products that consume less power, use recycled materials and reduce materials used in packaging.

Toner Recycling Program

Sharp offers zero-waste-to-landfill recycling for Sharp consumables at no cost to our customers and encourages them to recycle their Sharp toner cartridges by providing them with a pre-paid recycling kit for return to our facility. Please visit www.sharp.ca/en/toner-recycling to learn more.

Environmental Commitment

The Sharp Essentials Series models are ENERGY STAR® 3.0 qualified and RoHS compliant. These products also have one of the lowest TEC values in their category as well as one of the lowest stand-by power consumption ratings. Sharp MFPs are EPEAT® registered.

For more information about Sharp environmental leadership including information about energy efficient products, electronics, or toner cartridge recycling, please visit www.sharp.ca/en/environmental-policy to learn more.

The New Colour Essentials Series. Simply Smarter.

Designed to fit todays hybrid workstyles, offering intelligent features and connectivity that enable office workers to collaborate with colleagues seamlessly and securely even when they are working remotely. To learn more, visit www.sharp.ca
